## NOTICE OF SHORTLIST

### St. Helens Reservoir Siting Study Project No. W-484

The City of St. Helens received a total of three (3) proposals on March 25, 2025, in response to the RFP for Professional Services for to perform a reservoir siting study. Proposals were received from the following firms and are listed below,

- Black & Veatch
- Consor
- Keller Associates

The Proposal Selection Committee, comprised of City staff of various divisions, reviewed each of the proposals individually and met together on Monday, March 31, 2025, to evaluate and discuss the proposals. Proposals were evaluated per Section 6.4 – Evaluation Criteria (First Review).

The following is the Shortlist of the two firms selected by the Proposal Selection Committee to interview for the project.

#### **Shortlist of firms, listed in alphabetical order:**

- Consor
- Keller Associates

Short-listed firms will be contacted directly to schedule a 45-minute interview with the Proposal Selection Committee.

Proposers may contact the City to schedule a debriefing. Debriefs will be scheduled after the selection process has been concluded and the contract is executed.

The City of St. Helens appreciates the interest shown by all firms who submitted a proposal for consideration in this process.

Please contact me with any questions regarding this notice.

Thank you,

Sharon Darroux

Engineering Manager
